

# It Gets Easy

K.A.A.N.

Well I don't know where I'm heading no (no, I don't know)  
I hope you make it there with me  
I keep on living on (I'm keeping on)  
I hope one day you'll get to see  
Just why I did it (I'll let you know)  
It's not as simple as it seems  
Oh no I'm feeling it (I know, I know)  
I feel it deep inside of me

We could leave, we could take a trip  
Can't run from pain, can't escape this shit, I know  
Gotta learn how to live with it  
You can fight it all you want if you embrace that shit

It get easy, when you feeling low  
It get easy, when you just don't know  
It get easy, when you feeling low  
It get easy, when you just don't know

I know you're in for a ride in a minute (la-la)  
Light a light but you really ain't living (la-la)  
Teared apart, yeah it might be the ending (la-la)  
Can't run from ya demons, can't kill 'em (la-la)

I know the pain might leave you with an open wound  
Bleeding out on the ground, hoping you will soon  
I know the light get dim when you in that room  
Left alone with your thoughts, what are you gon' do?

Can't hide from yourself for the rest of your life (rest of your life)  
Can't live no lie even though you try (though you try)  
'Posed to get where I'm going round in this life (this life)  
Can't rush through it all, gotta take your time

Well I don't know where I'm heading no (no I don't know)  
I hope you make it there with me  
I keep on living on (I'm keeping on)  
I hope one day you'll get to see
