

# Limits/Obsession

K.A.A.N.

Don't break me  
I worked too hard just to build myself back up  
Don't break me  
I came too far just to let you hold me up  
Don't break me  
I worked too hard just to build myself back up  
Don't break me  
I came too far just to let you hold me up

And I did it  
I know  
I'm past the limit now I'm movin' out my restin' body  
Oh, but in a minute  
I'll go  
I can't afford to make a stop I rev the engine passin' all these other niggas  
Woah-oh  
We not in a competition I'm just runnin' from the track  
You niggas livid  
Woah-oh-oh  
And that's some shit a nigga owe

I got too much shit that's on my mind  
I gotta zone out  
I been trying to find a will or way I gotta know now  
Lately I been thinking I should quit and take it home now  
I'll just let her do it all, maybe I should slow it down

Lost to the sword, that's the way that a young nigga been  
Don't break, don't fall, don't move, motherfucker, don't bend  
I was thinkin' about the pain and the game and the way it don't end  
I was sittin' in the rain now nobody experienced with a pen  
I been on the path to enlightenment  
Whole-hearted with the way a nigga write this shit  
If you don't like this shit it's not for you then  
That wasn't all just fuck it, there's no comparison  
If you compare me with  
I'm not an average Joe  
I try to speak from the soul and give you a tangible feel  
If only ability ever made a connection that's real  
I said it's all from the heart, no animosity here

And I did it  
I know  
I'm past the limit now I'm movin' out my restin' body  
Oh, but in a minute  
I'm gone  
I can't afford to make a stop I rev the engine passin' all these other niggas  
Woah-oh  
We not in a competition I'm just runnin' from the track  
You niggas livid  
Woah-oh-oh  
And that's some shit a nigga owe

I been trying to find myself, I can't, I feel alone now  
I feel like I'm trapped and I don't have nowhere to go now

I can't seem to find my favorite way, my mind it flows now  
Either way I'm movin' on, ain't no time to slow it down

Lost for a minute, but I'm back, give it to you with a venge-  
I asses what I see [?] to beseech you again  
I was searching for the meaning of it all, I'm wonderin' how it ends  
I was looking for the way but never found it, self-doubtin' again  
The words cut deep like blades of steel  
I feel it in my soul like salt in my wounds  
I gotta find a perspective so I can properly judge  
Took a look in the mirror, I didn't like what I saw  
It's like I'm masking the pain or a nigga wear a facade  
Sounds like I'm speakin' in tongues like I was talking to God  
Let me live in the moment like it was Deja-vu  
Call it "c'est la vie"  
A gorilla glue  
Ha-ha

And I did it  
I know  
I'm past the limit now I'm movin' out my restin' body  
Oh, but in a minute  
I'm gone  
I can't afford to make a stop I rev the engine passin' all these other nigga  
s  
Woah-oh  
We not in a competition I'm just runnin' from the track  
You niggas livid  
Woah-oh-oh

I came too far just to let you hold me up

Light at the end of the tunnel  
I don't feel a love with it  
Obsession is addictive, baby  
Te-e-ell me about it  
I don't push it far  
Before everything (thing thing thing)  
And the time been a [?]  
I done lost my family and friends  
To this bullshit  
My love, my love, my love, my lo-ove

Lost in the dark, but I'm focused on the light at the end of the tunnel  
I, must have lost sight right around the same time I lost touch with myself  
Desperation stinks and I sense it  
I've internalized and my emotions are senseless  
In return I've found that I'm actually helpless  
Somebody [?] and baby I can't yelp  
My hands are tied in this situation  
I'm a slave to you  
I've catered to you  
You kept me high when I was feeling low  
You gave me a glimpse about a year ago  
But you left quick and I been searching since  
My addiction itches, gotta find me a hit

My love, my love, my love, my lo-ove

And I ain't been around the world but I been looking eternally  
Turning over a new leaf to relieve stress  
Find the meaning of success and redefine that  
Any time spent and they're sure to make a comparison

Idolizing these niggas for every wrong reason  
My rationale is irrational, rushing to a conclusion  
My mind is under assault from the false and the pretenses  
Keep it all together, avoid the mental regression  
Progression in the realest sense  
What you really want from this?  
What's the end game in the plan that I can't proceed with  
Trying to get a million like I was standing next to [?]  
A quick recession and essentially I'm in your region  
Trying to find balance, I need it  
Lost in the work, motherfucker, not leaving

My love, my love, my love, my lo-ove  
Too busy staring at the

Light at the end of the tunnel  
I don't feel a love with it  
Obsession is addictive, baby  
Te-e-ell me about it  
I don't push it far  
Before everything (thing thing thing)  
And the time been a [?]  
I done lost my family and friends  
To this bullshit

My love, my love, my love, my lo-ove
