

Living N Fear

K.A.A.N.

My situation looks [?]
Enough to make a nigga go insane
Think I might go across my neck with the switchblade
Am I going to far? [?]

You see, my whole house's on fire, yeah
I don't know what'll remain when the smoke clears
I'm just tired of living n fear
(Swear to God)

My child can't do it, I've been going through it
Nothing in this world is going through it
I ain't tryna make no excuses
I know those are useless
The highs and lows nigga, this shit ruthless

You see, my whole house's on fire, yeah
I don't know what'll remain when the smoke clears
I'm just tired of living n fear
(Swear to God)
