K.A.A.N.

Shit is patience  
Dedication more so than anything else  
Another 'bout to drop in a week, still recording  
I'll record my motherfucking self  
Eh, lawd

Bitch I was working while niggas was chilling  
Said brick by brick by brick by brick I'ma build it  
A mountain mover with my faith how I did it  
A lion tamer in the cage with the killers  
I'm King Kong to Magilla Gorillas  
A fucking monster, bring a bigger militia  
A fucking [?] that would say that he iller  
I stood in the ring like I'm in New Edition  
Bitch my [?] like I got my nutrition  
A megalodon in the pond with the fishes  
Six tapes in a year, shit I'm pretty efficient  
Still roll for a nigga, I won't say a thang  
Code that I keep is the secret I claim  
No dirt on my name, you and I not the same  
Niggas did it for fame, I remain, I ain't changed  
How the fuck does it feel when you know that you fake?  
I've been pleading the fifth, shit I cannot relate  
I ain't teach 'em to drink, I just lead to the lake  
Shit I gave 'em the tools to go create a play  
They came back in a week talking 'bout I ain't ate  
Niggas begging and starving, the fuck out my face  
The strong will survive, the weak finna break  
I push the limit, whatever it takes  
I bow my head right before I say grace  
Yes, lawd

Oh me, oh me  
Young king nigga prince I came  
Blew the bitch a kiss c'est la vie  
Motherfucker fall off, no not me  
Game run through my veins like an I.V  
Shit never too much, no OD  
Niggas can't slow down, no codeine  
The work speak for itself, you know me  
You know me, damn  
Oh me, oh me  
Young king nigga prince I came  
Blew the bitch a kiss c'est la vie  
Motherfucker fall off, no not me  
Game run through my veins like an I.V  
Shit never too much, no OD  
Niggas can't slow down, no codeine  
The work speak for itself, you know me  
You know me, damn

Back to the basics  
Drew the blueprint while these niggas just trace it  
On to the races, boy tie up them laces  
We never ran from the problems, we face 'em  
Nowhere to hide, you and I not adjacent  
Abrasive niggas terrorizin' like Jason

Don't run after none of my trees bitch, I chase 'em  
Adjusted the way that I think, it's amazing  
The cusp of the fucking shit up, is you crazy?  
I had to put down the blunt, I was faded  
Recorded these records, do six of 'em daily  
Call me what you want but don't call me lazy  
Second thought, don't call me unless you gon' pay me  
Beast mode with the flows, I got rabies  
Ten toes in the ground, make a statement  
Lentils on my plate where my steak be  
Don't do the flex and I don't do the back and forth  
These niggas joking, they all Michael Rapaport  
My shit is solid, I'm good, got a great report  
Underdog, how the fuck could you hate me for?  
Undercard, I done fold on that bitch before  
Had twelve round bouts with my demons  
A nigga had to take the route, the scenic  
I survived but it really wasn't easy  
Believe me, damn

Oh me, oh me  
Young king nigga prince I came  
Blew the bitch a kiss c'est la vie  
Motherfucker fall off, no not me  
Game run through my veins like an I.V  
Shit never too much, no OD  
Niggas can't slow down, no codeine  
The work speak for itself, you know me  
You know me, damn
