Feel like I'm so high
Feel like I'm so high
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

It's in the stars
Look up in the sky to see what we are
Look up in the sky it's in the stars
Look up in the sky to see what we are
Look up in the sky

Feel like I'm so high
Feel like I'm so high
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

Just looking around
Trying to find that unfamiliar piece of mind
Don't know it well
Can't tell you much
Out of time & out of luck

Feel like I'm so high
Feel like I'm so high
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die

Feel like I could fly

Feel like I could fly
Feel like I won't ever die

Feel like I could fly
Feel like I could fly
Feel like I won't ever die
