

Nothing Is Given

K.A.A.N.

Yeah, yeah
When you living this life you don't wanna go back
Yeah, yeah
See the limit, don't stop, told 'em I could never hold back
Yeah, yeah
When you living this life you don't wanna go back
Yeah, yeah
See the limit, don't stop, told 'em I could never hold back

I'm just tryna reach the peak
What's the limit? I don't see it
I done broke right through the ceiling, I exceed their expectations
I done took off in a spaceship
Room for one, this shit ain't spacious
Took what's mine, no I never been gracious
Straight to the goal, no hesitation
Euro-step right past the hatred
I've been vibin' and rockin', bouncin' like '64 Impalas
These niggas foldin' like collars
I guess I'm statin' the obvious
Cuh' said the future look ominous
I can't make any promises
Won't go back to the opposite
I can't ride, ride, back, back
Seen the way I do it
I'm a high, high, step, step
Gotta keep it movin'
You can call it what you want, nigga
But they all know, I been in the zone
Ridin' steady in my lane, oh well
And I been sendin' angels, with the flow
Pick and roll, watch a nigga score
Off the give and go
This the life that I chose, wouldn't change it, oh nah
I can't complain about the game 'cause I don't play it at all

Yeah, yeah
When you living this life you don't wanna go back
Yeah, yeah
See the limit, don't stop, told 'em I could never hold back
Yeah, yeah
When you living this life you don't wanna go back
Yeah, yeah
See the limit, don't stop, told 'em I could never hold back

My point of view and my perspective
Well, it's dangerous
Surrounded by animals, you niggas couldn't hang with us
I'm fuckin' wylin' like I took a hit of angel dust
I love this life so much that enough is never enough
Lift up and take off
My focus like we in the play-offs
Kill 'em like Adolf
I knock 'em off my fuckin' radar
Makin' sure a nigga stay gone
Send him right back where the fuck he came from
Better tell them I don't play, nah

An example's what the fuck I make 'em
Send 'em back to the maker to make 'em better
You could make a move, nigga, if I let ya
Read between the lines, you could seek that lecture
I apply pressure
If a nigga test us
Drive like a tester
You an Impreza
No you don't impress us
Chess, not checkers
I been yellin' checkmate for the past 5 years
I steer clear past that bullshit
Had a taste of this life and I instantly got addicted
Safe to say that my vision been influenced by this mission
No regrets, I don't have 'em, oh no, I get it, I get it
I just stay in my lane
I know nothing is given

Yeah, yeah
When you living this life you don't wanna go back
Yeah, yeah
See the limit, don't stop, told 'em I could never hold back
Yeah, yeah
When you living this life you don't wanna go back
Yeah, yeah
See the limit, don't stop, told 'em I could never hold back
