

Outlaw

K.A.A.N.

I could do this in my fuckin' sleep (it's what I realize)
Can't keep up, no you can't fuck with me (I could see the rise)
I got too much burden on the outcome (on the outcome)
Livin' like a motherfuckin' outlaw
Making sense
Better follow the procedures
Elevate
Laying low till I see some
Too much burden on the outcome
Livin' like a motherfuckin' outlaw

Who in the fuck think to stop me
I got too much passion (Yes God)
I elevated, my nigga we already passed ya (Yes sir)
I am addicted I do it till I'm in a casket (Let me sleep)
We had to get through the madness
Find a way to make it happen
Oh but they countin' me out
Stuck to the plan I was running my route
Scrapin' the plate when they told me to stop
Dedicated, yeah I hear it a lot
Key to the lock, out of the box
Plan then I plot
Underestimate, see what I got
Imma do it till the day that I drop
Aim for the sky, top of the top

I could do this in my fuckin' sleep (it's what I realize)
Can't keep up, no you can't fuck with me (I could see the rise)
I got too much burden on the outcome (on the outcome)
Livin' like a motherfuckin' outlaw
Making sense
Better follow the procedures
Elevate
Laying low till I see some
Too much burden on the outcome
Livin' like a motherfuckin' outlaw

I got too much pressure on my hand
Try not to panic
I stay low from where the cameras is
Bitch I got standards
I was rolling up the cannabis
Pardon my manners
I'm a misfit
When they see me they gon' throw a big fit
I would just capitalize
Enough of the sonics like I'm Shawn Kemp
Making another deposit, never complainin'
I pray it don't end
It's a long way down when you die
It's a marathon, no it never stop

I could do this in my fuckin' sleep (it's what I realize)
Can't keep up, no you can't fuck with me (I could see the rise)
I got too much burden on the outcome (on the outcome)
Livin' like a motherfuckin' outlaw

Making sense
Better follow the procedures
Elevate
Laying low till I see some
Too much burden on the outcome
Livin' like a motherfuckin' outlaw
