K.A.A.N.

Pussy-nigga cause I

I brought that past the bullshit  
And you niggas serving that bullshit  
Just let me preach from my pulpit  
Pay attention as I do this

I brought that past the bullshit  
And you niggas serving that bullshit  
Just let me preach from my pulpit  
Pay attention as I do this

And you could never understand this  
My sound is so fucking unorthodox but I planned it  
The way they looking my flow is foreign they speaking Spanish  
You can't imagine my daily routine and how I manage  
Making the mystifying masterpieces never easy  
But nobody told me it was I bet I still achieve it  
I got this hatred in my heart and look it never leaves  
I like to get lost in the rhythm of the melodies  
I break this shit down to a science with my technique  
Planning to see the positivity inside your mind  
Man I been keeping to myself and talking to the beats  
The only ones that keep it real regardless at a time  
Cause if I never do the numbers then you wouldn't notice  
I just don't fuck with anybody detrimental flaws  
You niggas think I'm really dumb I heard and seen it all  
Everybody down to ride until you really need 'em

I separate assumin' some'll see the signs later  
I'm vacant and fast  
But the vast amount of these people  
Poorless with the effort  
I remember when the shoe was on the other foot  
Now please, put yourself in my position  
Then sit and see for a second  
It's a soulless journey that I chose to take  
A lot of selfish sacrifices that I make  
I missed my nephew's birthday just to work in L.A  
I hope that shit pays off, feel like I'm going insane  
Lawd
