

## Play

K.A.A.N.

Hop out my two-door, now I feel like they watching the kid  
Investigations with surveillance on the way that we live  
Envy, jealousy and greed from all the shit that we did  
Backstab, trespass, can't trust no one in here

Two-two-two two seater by my lonely  
Energized, I'm revived by the money  
Roll a whole ounce up, put it in a blunt, I'm high all day  
Might be maxed out, might be stressed out, must I say

(Bitch I might just make a play)  
Keep fighting with the homies  
(Bitch I might just make a play)  
This for me and mines only  
(Bitch I might just make a play)  
Push the whip just like I own it  
(Bitch I might just make a play)  
Taking everything they owe me  
(Bitch I might just make a)

Get it out, better make room, tryna feel it out  
Got a nigga feeling like a demi-god  
You don't know my name, gotta shake it off  
Take it off the end like trim it off  
Need a crib bigger than a synagogue  
[?] centerfold  
[?] get two, put it off, goddamn  
Why I ain't trippin' on that?  
Big cash, big whip, still stacked  
I feel good, shit I look like money  
Might roll up a ounce on Sunday  
To the top, nigga yeah it's only one way  
Drip drop, like I'm walking on the runway (drip drop)  
Tick tock, going in till the day ends (tick tock)  
Too hot, get the fuck out the way then (too hot)  
Little bitch you might pass out, you keep playin' round  
It ain't enough left for them  
Nigga I ain't got enough time but just stand out and sit around, waitin' for  
them  
I need a Benz[?] with the tinted window spoilers  
With L.E.D.s I see the traps and I avoid 'em  
Strappin' in, I'm getting ready for the voyage  
Too cold, cutthroat I push it bitch I'm by the ounce

Two seater by my lonely  
Energized, I'm revived by the money  
Roll a whole ounce up, put it in a blunt, I'm high all day  
Might be maxed out, might be stressed out, must I say

(Bitch I might just make a play)  
Keep fighting with the homies  
(Bitch I might just make a play)  
This for me and mines only  
(Bitch I might just make a play)  
Push the whip just like I own it
