

RULZ

K.A.A.N.

Blev

I'm in the booth yeah
115 on the dash, I go zoom zoom yeah
I'm from the city where they make the thing go boom yeah
I got bitches all around me, make some room yeah
Got too many looking down, I'm on the roof yeah
Liquor all around me, act a fool yeah
Doing things they thought I'd never do yeah
I don't go no lane, I'm breaking rulz yeah
I don't go no lane, I'm breaking

I couldn't fuck with the regular, sanitary with the secular
I just battled with competitors, manifested all my enemies
Told 'em to keep the amenities, they been plotting on my energy
It's a disease, they need a remedy
I'm in the lead, allow it to settle in
I'm MVP, star of the league
Eyes on the finish and that's all I see
If they wanna criticize they pay the fee
We came from the gutter, underneath the V
I let it ventilate, I let it breath
I gotta meditate before I leave
I'm an anomaly you've never seen
Gotta stay motivated for the team, yeah

I'm in the booth yeah
115 on the dash, I go zoom zoom yeah
I'm from the city where they make the thing go boom yeah
I got bitches all around me, make some room yeah
Got too many looking down, I'm on the roof yeah
Liquor all around me, act a fool yeah
Doing things they thought I'd never do yeah
I don't go no lane, I'm breaking rulz yeah
I don't go no lane, I'm breaking

I had to quarterback to get the ring
I took control of every single thing
One of one, I'm feeling like I'm a king
Not in the mold they try to put me in
Couldn't pretend, I elevated to levels they couldn't touch and never will
I'll do it again
I cannot wait for the world to believe in my vision I build
I [?] the pill, I need a mill'
I need security not record deals
I need to maintain, keep my head high
Make a progress in the field
I gotta hold on, see it all through like I'm riding right behind the wheel
Never distracted, never lost in the facade
I'm only concerned with the real, yeah

I'm in the booth yeah
115 on the dash, I go zoom zoom yeah
I'm from the city where they make the thing go boom yeah
I got bitches all around me, make some room yeah
Got too many looking down, I'm on the roof yeah
Liquor all around me, act a fool yeah

Doing things they thought I'd never do yeah
I don't go no lane, I'm breaking rulz yeah
I don't go no lane, I'm breaking rulz
