Shooting Stars

K.A.A.N.

I said we all can't be shooting stars
Some of us burn out right where we are
And I don't wanna get so high that I don't know who I am, no
And I don't wanna get so high that I don't know who I am, no mo

I know
I know
I know
I know

Read about it, read about it
Be about it, be about it
Dream about it, dream about it
Speak it in existence loudly
The universe is deep inside ya
The stars, the moon, the sun and all
You control your world, you are
Wonder what they say you are
This guiding on us
Hope you find the one in you, the guiding light
The righteous truth could lead you to the brightest you
Is beautiful, if you believe it
I can testify, I done seen it work
You don't know your worth
You ain't seen the earth
Can't get stuck inside, thoughts inside your mind
Must relax and find balance in this life
Everything is fine

We all can't be shooting stars
Some of us burn out right where we are
And I don't wanna get so high that I don't know who I am, no
And I don't wanna get so high that I don't know who I am, no mo

I know
