

Sky Fall

K.A.A.N.

Emotion I put in the song
I'll guarantee you, it will leave you amazed
Staring at every lyric I've written, the victim of pain
Then the mess that I have made
The clearest depiction of all my problems
Impossible promise, and piece for the taking
My spirit is vacant, if I am forsaken for music I make
And I think that the purpose is really mistaken
I pray that one day I am forgiven for all of my sins
If there's a hell then I feel like I'm going for all of the ignorant shit th
at I did Lord

This is the end
Hold your breathe and count to ten
Feel the earth move and then
Hearing my heart burst again
For this is the end
I've drowned and dreamt this moment
So overdue
I owe them
Swept away I'm stolen

Look
I
Could never tell them how the fuck I really feel
So I said it in the rhyme define that I'm I'll
I'm a different type of nigga
The purpose of vendetta I've been better
A mother fucker that was giving his life with every line
These rights giving insight this might be the greatest nigga never heard
This man is absurd
He's giving you deep words
Put the poetry in motion
I'm way past devoted
You should go quote this
I am not folding
I will stay focused
I can't control this
I murder with the flow and the lyrics consoling
I pray that I'm forgiven for sins when I'm going
God the almighty
I need a savior
No more regrets
And I'm not debating or ever looking back
The fact that I'm facing
Every single fear that I have
I want greatness
Never complacent
I won't be defeated by my insecurities
Tried to conceive it
If words deceiving I'm never believe in em
Till the moment that I'm no longer breathing
I spent all my time
Writing tones 'bout my life
Because that's what I want and my mind is contrite
If I die and reincarnate to a mic
As I did what I love and I did that shit right

Skyfall is where we start
A thousand miles and poles apart
Where worlds collide and days are dark
You may have my number
You can take my name
But you'll never have my heart
If the sky falls
When it crumbles
We will stand tall
And face it all together
Let the skyyyy
When it crumbles
We will stand tall
And face it all together
At skyfall

Let the sky fall
When it crumbles
We will stand tall
Let the sky fall
When it crumbles
We will stand tall

Where you go, I go
What you see, I see
I know I'll never be me
Without the security
On your loving arms
Keeping me from harm
Put my hand in your hand
And we'll stand
Let the skyfall

Lord knows I ain't ready for tomorrow
Never been a nigga that was really prepared
And I was honestly scared
Terrified of the dark side
Suicidal mind my demise
Never televised
When I realize
I got a reason to live
Like making a hit
Or fucking a bitch
And pushing the whip
Copping the chain
The diamonds insane
Make sure they can see a mother fucker doing his thing
Lord

Switch it up
Dumb it down
Don't nobody understand the what the fuck that you even saying
When you get up on the track you spitting it at fast speeds
Indeed
Back, back
I need a second to think
I'm lost in my thoughts
My soul is diluted
I hope that you feeling the rhythm as I use to it
To my advantage
No more excuses
Those things are useless

I'll execute
With the effort of a person
Dying to get a shot
No shook
Keep it down his last dime
Taking the time to re-define
This nigga is dedicated
He elevated is wrath
I still remember every time they laugh
And I reflect on the pain and put it upon the past
Know what type of shit is that
I could never relax
When I recall
That somebody told me I would never make it as an artist
Probably end up starving
I took that hate
Said "Fuck it" and kept barging
My life is in the margin
Giving it regardless
I got a story to tell haven't even begun
To sit and reflect
Or rewind on the memories that were repressed
And that's due to the fact that I'm living on the edge
Don't know how to get ahead
With a blade to my wrist waiting for this shit to end
Lord

Let the sky fall
When it crumbles
We will stand tall
Let the sky fall
We will stand tall
As sky falls
Ooooo
