Let a nigga breathe
I resuscitate the game when I'm speakin' on these beats
What they yellin' out?

(Church)

Let a nigga breathe
I resuscitate the game when I'm speakin' on these beats
What they yellin' out?

Fuck that shit, don't let that slide
Ay nigga, fuck that shit, don't let that slide
They yelling

(Church)

Let a nigga breathe
I resuscitate the game when I get up on these beats
What they yellin' out?

How many times do a nigga gotta tell y'all, show y'all, oh lord
That I'm all unorthodox, I live outside of the box
These motherfuckers laughable, y'all ain't the cream of the crop
That's all that you got?
I know I'm everything that you not
My shit is highly potent, highly concentrated, highly understated
That's an understatement, make sure you overplay this
Man these niggas overrated, wake me when they over baby
Drop the ball like oopsie daisy, man your drive more like Mrs. Daisy
Niggas crippled, blind and crazy
Watch the road hoe, pay attention-tention-tention
My attitude like Marshawn Lynch's, lawd
I ain't finna kill myself (nope)
I ain't gonna run these miles (nah)
I ain't finna bend over backwards trying to please all of these bastards
In a game of slaves and masters, house niggas shuck and jivin'
Tap dancing 'round all the issues, tryna get a seat at the table
Tryna set their feet if they're able
That's cool, that's cool
But meanwhile I just do what I do when I say I do
Yeah meanwhile I just move when I move how I say I move
And you, well you just do what you don't when you say you do

Oh my, oh my

This a work of art that should be in the MoMA, MoMA

Niggas say they can't keep up, they need a moment, moment
I'ma need my respect, you know, a homage, homage
Go on, go on
Piss or get off the pot
Hurry up take a shot
You're taking too fucking long, just make a decision and choose a direction
so we can return it back to sender
You're just too obvious
Niggas turn algebra to calculus, you out of it
You say you do this shit, I really doubt it bitch
These niggas ignorant and fucking proud of it, I got it bitch
