

# Slight Bent

K.A.A.N.

Nigga I'm the literal definition of persistence  
They say they want that old shit back  
I know it's been a fucking minute  
I'm trying to move the meter make it percolate  
I know that they wanted perfection nigga we present it all day  
Givin' protection from that bullshit nigga we all state  
Wondering how my nigga got so big we all A  
Kicking the truth and killing flows been at it since '08  
Reeling them in with them facades how you niggas bite on the bait  
'Cause we epitomize Godliness  
Bloodline like Marcus Garvey's is  
I wrote a flower, this the Marley-est  
Me and my niggas are gnarly-est  
I kickflip with yo' bitch, she the naughtiest  
I'm better when I perform in front of a fuckin' audience  
Better believe you lookin' at a bright sight for sore eyes  
Domestic terrorist, this turf shit is like apartheid  
Been on my business  
Assumin' they givin' resistance  
I came to the new consensus  
Get it straight to the point, the core  
Right where the nucleus is  
I ain't losin' hunger, I'm gettin' fed  
Slowin' the style down, pickin' up the crumbs  
Yeah, I need the bread  
Call it carbo-loading, or common sense  
How in the fuck you tryna take a mile when I gave an inch?

Tell me what they want (what they want)  
What they need (what they need)  
Never stop (never stop)  
I proceed (I proceed)  
What they want (what they want)  
What they need (what they need)  
Never stop (never stop)  
I proceed (I proceed)

They put us inside of categories when they can't keep up with us  
My thought process illustrious  
You either go big or you bust  
You either stay down or get up  
You ain't in the same class as us  
Closin' them doors in front of our faces  
Still on track like we wore braces  
Pay my [?] daily to go out and fight the cases  
Might retire then go join the same fuckin' convent as Mase did  
Niggas are wylin' over pussy when they know those bitches basic  
Nigga, we followin' the blueprint that all the legends were tracin'  
Never conspire, niggas are fraud, literally a damn mirage  
I'm dangerous when on the fly, like Hail-Mary's to Randy Marsh  
Exterminatin' all of these vermin, we burn 'em like Holocaust  
Runnin' through Crown Heights with Wyclef, screamin' out  
"Mazel-Tov!"  
Walk in the buildin', blow it up, bitch I came with a Molotov  
You know too much, just be quiet  
They knock you off if you in the know  
Like J.F.K inside that public square, hit from the grassy knoll

While you was on Degrassi high, my nigga  
We was readin' more  
To each their own, my own identity, no I cannot disown  
No need to be a king, you know they dis-throned and de-graced  
Leavin' a legacy, they cannot forget about our rebates  
The game is a shit-show like a Presidential debate

Tell me what they want (what they want)  
What they need (what they need)  
Never stop (never stop)  
I proceed (I proceed)  
What they want (what they want)  
What they need (what they need)  
Never stop (never stop)  
I proceed (I proceed)
