

Toonami

K.A.A.N.

I guarantee my shit will always get respect
I punish you with intellect and interject
I'm feeling vexed, I'm very stressed
It's been hectic around me
Drowning in a
Puddle of sins and sorrows
Seeking a brighter tomorrow
But nothin's guaranteed for time is borrowed
I lead and never follow
Feeding you the toughest pill to swallow

That's the truth, now tell me how it tastes
When all my tracks are laced
I rarely leave a trace
I hit you with that boom bap pap
Backpack shit and you lovin' it
This the ark of the covenant
Come and see the professional
Non-susceptible, highly legible, Mr. Incredible
I devour the beat like its edible, I'm conceded
All these rappers are liars
Your lines are fucking facetious

Taking this generation and turning them into fiends
Can you explain what it means to be 25 with a dream?
Searching for inspiration, all I see is a barrel
And I've been struggling lately
By myself, no one gives a damn
It's hard to change the world
When all you have is a pair of hands
The situation is destitution dilutes the energy
Now it's just negativity rolling off of my tongue

Take a hit of the blunt
And proceed to cough up a lung
See, I've been searching for wisdom
Through words and for what it's worth
It's the pain that's holding me back
And I find it hard to relax
When my train of thought is getting taxed and attacked
But that's in the past
And I maximize my potential
By masterminding this manifest
Though I am manifested with my message

They don't believe me
I'm supplying the real that is seldom given
The subtle revision for revenge
That I verify when I vent
As the temperature starts to rise
And the reason becomes apparent
My music blasting and blaring
The system about to break
With Toonami on my tv
And a blank stare on my face

Like I'm lost in another world

And preparing for impact
