

# Vision

K.A.A.N.

Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want  
I say you're never too much (much, much, much, no)  
I say you're never too much (much, much, much, no)  
Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want  
I say you're never too much (much, much, much, no)  
I say you're never too much (much, much, much, no)

We used to come to the spot  
We used to roll up a lot (awww yeah)  
You used to fuck with me hard  
Now you won't give me no love (no way)  
Im 'bout to step to the right  
Take all the shit I got left (okay)  
Never change, I stay the same for you  
Never seem to see the world like I do  
You pick and choose a side  
You been living in a life of selfishness  
I been giving you my all, I stay consistent  
You don't give a fuck, I need assistance  
Might get high, I'm feeling low  
You left and (hurt my heart and soul)  
You know you (still a part of me)  
You know I (need your love to breathe)  
You know I (need you here with me)  
Oh, I, I, I, I  
You know I (need you next to me)  
Oh I, I, I, I  
I hope you (coming back to me)  
Oh I, I, I, I  
Oh when you (coming back to me)  
Oh I, I, I, I  
(Coming back to me)  
Sick of thinking about you all the time  
Night and day, goddamn  
Crazy how your love control my mind  
In every way, just you  
You the only one I really want  
Just don't leave, yes lord  
Won't you swing my way for just a few?  
And stay with me, please

Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want  
I say you're never too much (much, much, much, no)  
I say you're never too much (much, much, much, no)  
Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want

I say you're never too much (much, much, much, no)  
I say you're never too much (much, much, much, no)

It's a beautiful day in my neighborhood  
No complaints, I don't see how I could  
Waking up right next to you, you my Vivica Fox  
Better yet, Meagan Good  
Why am I ramblin'?  
What are you scramblin'?  
It's smellin' good  
Love every second with you, it's like Spanish books  
I can't understand it  
I got a plan, girl  
We should [?] our love  
Get your feet in the sand girl  
How does it feel? It's amazing, I'm finally coming up  
Look at this land, girl  
This could be me and you  
Like I said, I got plans, girl  
I know we see eye to eye  
You understand, girl

I need your love in my life  
You see the lows and the highs  
You see the lows and the highs  
You see the lows and the highs  
I need your love in my life  
You see the lows and the highs  
You see the lows and the highs  
You see the lows and the highs  
I need your love in my life

Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want  
I say you're never too much (much, much, much, no)  
I say you're never too much (much, much, much, no)  
Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want  
I say you're never too much (much, much, much, no)  
I say you're never too much (much, much, much, no)

Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want  
I say you're never too much (much, much, much, no)  
I say you're never too much (much, much, much, no)  
Say you can see through my eyes  
And I can see through your soul  
Said I can see what you are  
The only one that I want  
I say you're never too much (much, much, much, no)

I say you're never too much (much, much, much, no)
