

Die Young

Kaash Paige

Ooh, ooh
Ooh, ooh-ooh, ooh

Flashing lights
Summer nights
What a time to be alive
We take flight
We get high above the sky
We never coming down

I don't wanna die young, die young
I don't wanna die young, die young
I don't wanna die young, die young
I don't wanna die young, die young

I don't wanna
I-I don't wanna
I don't wanna
I-I don't wanna die young
I don't wanna
I-I don't wanna
I don't wanna
I-I don't wanna die young

I don't wanna die young, die young
I don't wanna die young, die young
I don't wanna die young, die young

I just wanna dance, dance, dance, dance
Let me see your hands, hands, hands, hands
I just wanna feel alive, see the stars up in your eyes
Baby, just kiss me goodbye

I don't wanna die young, die young
I don't wanna die young, die young
I don't wanna die young, die young

I don't wanna
I don't wanna
I don't wanna
I don't wanna die
I don't wanna
I don't wanna
I don't wanna
I don't wanna die young, die young

I don't wanna
I-I don't wanna
I don't wanna
I-I don't wanna die young
I don't wanna
I-I don't wanna
I don't wanna
I-I don't wanna die young, die young

I don't wanna die young, die young
I don't wanna die young, die young

I don't wanna die young, die young
I don't wanna die young, die young
I don't wanna die young, die young
I don't wanna die young, die young
I don't wanna die young, die young
