

# Karma

Kaash Paige

You're now entering to teenage fever  
This is where all the teenagers go through a stage of life  
Who being unnatural and not knowing what's really going on  
That means depression, relationships  
Love, hate  
Drugs, and everything else

Can you feel it?  
Can you feel it? Oh, oh  
Can you feel it?  
Can you feel it?  
Can you feel it?  
Feel it, oh

Karma, karma, karma (Karma)  
Where can I find ya?  
Find her, find her, find her (Karma)  
That's why her time, nothing defines her

She's a soul snatcher  
She's a heart grabber  
If you need anything, she got it, so I gotta have her  
Gotta have her  
She's the only thing that matters  
She's the only thing that matters (Matters)  
Skrrrt or vroom-vroom, we causing traffic, tragic  
I can't take no more 'cause I've been damaged  
My heart is broken, think I need a bandage  
Damage

Karma, karma, karma (Karma)  
Where can I find ya?  
Find her, find her, find her (Karma)  
That's why her time, nothing defines her

Run away  
Run away my love  
If feels fun this way, nothing is enough for you  
And you know it's us, it's two  
Karma from the other side  
Gotta keep my guard up when it time to ride  
But you're not gonna, out of sight out of mind  
Had to read between the lines

Karma, karma, karma  
Where can I find ya?
