I'm tryna get close to you
Tryna get close to you
Talking bout sobriety
My love is a drug

I got a lot to say

You my slime, you my boo
I'm not finna play with you
Baby come and vibe with me
What it look like
I just wanna chill, slide on me
Why you tryna be my sobriety
Why you tryna be my sobriety

Sobriety
Sobriety
Sobriety

Sobriety
Sobriety
Sobriety
Bae come and get high off me yea

Can we fall in love
You bring the pain
Baby Ima bring the drugs
My mental health
Dry ass keeping me up
In between caring and not giving a fuck
Be my sobriety
A lot to give but depression is inside of me
Popping xans kush dreams oh my anxiety
Ooooo babe my sobriety
Sobriety baby

Oooooo oh oh oh
I'm in the motion like
Ooooo ohh oh
Feeling new commotion like
Oh oh oh oo oh oh
Oh oh oh oo oh oh

Aye just vibe with me
Can you look up in the sky?
Just vibe with me
Will you come over and spend
Spend the night wit me?
Will you, ha... will you ride wit me

Ayyyyy yuh, ayyyyyy yuh

What you tryna do
