

Think of Me

Kacey Musgraves

Oh well, let's just forget it
It's too bad that you didn't get it
Did you ever think that you might find
Another one to ease your mind?
Did you ever think that you'd be the one to leave?

Did you think of me?
Did you think of me?

Oh well, you didn't need me
It's too bad, yeah, that you've got it easy
While I'm stuck here with my wounded pride
You've got nothing but a waste of time
You walked away so selfishly
I guess you thought of everything

But you didn't think of me
You didn't think of me

Somebody said you'd be that kind
And I didn't think you'd 'em right
I fell so hard, I got in too deep
And I gave a heart so selflessly

I didn't think of me
I didn't think of me
You didn't think of me
