Kacy Hill

I used to go out a lot  
I still felt lonely then  
But not the way that I'm feeling now  
Now I miss talking loud  
At least I'm still in love  
I used to go out  
I used to go out  
I used to go out  
At least I'm still in love  
It's more than I could want

I've been losing my mind  
I've been losing my mind
