

Much Higher

Kacy Hill

Is it selfish if we talk about me again?
There's this big dream where I'm singing to you and then
We walk home
And I'm crying in Phoenix and
There's this time
But I've gotta get over it

I can't regret the way I loved you
Am I thinking too much about what I do?
Maybe forgiveness is a waiting room
It's nice to think that when I'm older
I could be good at getting closer
Maybe forgiveness is a waiting room

On a new street and I'm thinking of you again
Every victory, I wanna share it with you and then
Life feels fast
And forever feels like a sin
All this time
And I've gotta get over it

I can't regret the way I loved you
Am I thinking too much about what I do?
Maybe forgiveness is a waiting room
It's nice to think that when I'm older
I could be good at getting closer
Maybe forgiveness is a waiting room

On my life
Do I tell you enough to thank you right?
'Cause nothing matters as much

I can't regret the way I loved you
Am I thinking too much about what I do?
Maybe forgiveness is a waiting room
It's nice to think that when I'm older
I could be good at getting closer
Maybe forgiveness is a waiting room

On my life
Do I tell you enough to thank you right?
'Cause nothing matters as much
