

My Day Off

Kacy Hill

Honey, your skin makes me warm
And I love you forever
I know you're just what I need
For worse or for better

Oh, baby, no one wants it more than me
Sun faded, slipping right between your teeth

Maybe it's stupid, maybe it's reckless
Send me a message anyway
I fall in love in thirty seconds
Sudden rushes to the brain
But that's okay, I say for sure
I was reminded that this ain't war
And I can fight it but we shall see
I can't keep loving you more than me
Loving you more than me

Nothing but you on my hands
Nowhere to be missing
I'm watching the light hit your back
With the sweetest precision

Oh, lately, I've been trying to see in me
What you see

Maybe it's stupid, maybe it's reckless
Send me a message anyway
I fall in love in thirty seconds
Sudden rushes to the brain
And that's okay, I say for sure
I was reminded that this ain't war
And I can fight it, but we shall see
I can't keep loving you more than me
Loving you more than me

Maybe it's stupid, maybe it's reckless
Send me a message anyway
I fall in love in thirty seconds
Sudden rushes to the brain

I say for sure
This ain't war
I love you forever
