

Please Don't Cry

Kacy Hill

I pick up in a daydream
Autumn leaves
And green tea
There's a full moon
This week
And I'm thinking about
The old me

Ooh you're just in time
Been watching from the glass now I'm back inside

Please don't cry
I'm twistin' turnin' every single night
Please don't cry
You make it hard to let it die

My dad is sick
Your brother too
I'll try not to be there for you
I'm in love again
Oh, and it's nice
I wonder if
I'll do him right

Please don't cry
I'm twistin' turnin' every single night
Please don't cry
You make it hard to let it die

Oooooo
Oooooo
Oooooo
Lalala

Please don't cry
I'm twistin' turnin' every single night
Please don't cry
You make it hard to let it die

Mmmm
Let it die
Mmmm
Let it
Mmmm
