

Pushing Against Gravity

Kadebostany

The last few years have been a rollercoaster
It took so many twists to get back on track
And work pays off but leaves us all exhausted
This time I'll keep some things to myself

Прилітала ластівочка з тихого ставочку
Сіла за день уморилася на моєм тиночку
Вийшла на розмову дівка Марусина
Скажи, ластівочко, де ходить мій милюй?

We ain't afraid of the hard concrete
Cause we are pushing against gravity
And we don't feel the ground under our feet
Cause we are pushing against gravity

Pushing against gravity
Pushing against gravity
Pushing against gravity
Pushing against gravity

The last few years have been a rollercoaster
It took so many twists to get back on track

Прилітала ластівочка з тихого ставочку
Сіла за день уморилася на моєм тиночку
Вийшла на розмову дівка Марусина
Скажи, ластівочко, де ходить мій милюй?

And we ain't afraid of the hard concrete
Cause we're pushing against gravity
And we don't feel the ground under our feet
Cause we're pushing against gravity
