

Voodoo Love

Kadebostany

My shadow is dancing around the fire
Your heat is warming me up
I feel your burning desire
I feel your burning desire
My shadow is dancing around the fire
Your heat is warming me up
I feel your burning desire
I feel your burning desire
Your love gives me cold sweats
Gives me cold sweats
Gives me cold sweats

Your voodoo love brings me to life
Your voodoo love cuts me like a knife
Your voodoo love brings me to life
Your voodoo love cuts me like a knife

I'm bursting into flames
Nothing will ever be the same
Stop this magic trick, I am so sick

Oh god it's such a shame
Nothing will ever be the same
Stop this magic trick, I am so sick

Your voodoo love brings me to life
Your voodoo love cuts me like a knife
Your voodoo love brings me to life
Your voodoo love cuts me like a knife

Cut me like a knife
Cut me like a knife
Cut me like a knife
Cut me like a knife

Oh please Mister Wizard
Dull my senses
Oh please Mister Wizard
Dull my senses

I can hear the blizzard
I am without defenses

I'm bursting into flames
Nothing will ever be the same
Your voodoo love brings me to life
Your voodoo love cuts me like a knife
Your voodoo love brings me to life
Your voodoo love cuts me like a knife
Cuts me like a knife

Your voodoo love brings me to life
Your voodoo love cuts me like a knife
Cuts me like a knife
Your voodoo love brings me to life
Your voodoo love cuts me like a knife

Cuts me like a knife
Cuts me like a knife
Cuts me like a knife
Cuts me like a knife
Cuts me like a knife
Cuts me like a knife
Cuts me like a knife
Cuts me like a knife
