Wait on me

Wait on me, baby

(Wait for me)

Wait on me, baby

The enemy you're wary of

A dangerous sign

In your eyes

It's only me that you see

What you want right now

I get it

Even if I don't explain much

I get it

Feel so vivid

I get it

I do, I know those eyes

Directing at me

The more I don't rush

The deeper all these emotions

I'm waiting

Oh, just to get you

Very slowly, very slowly

This moment that gradually make you anxious

Continues precariously

Just gotta slow it down and

Wait on me

Even if you want to hold me

Wait on me

No need to rush
Feelings that haven't been fully revealed
Those emotions are even more beautiful
Wait on me
Wait on me, baby

Your heart reached its limit, I know
I'm looking for it, your
Prime time, prime time
I'll give you all that I've been saving
Fine wine
In the end, you'll realize the
Fine line
I don't wanna get too serious
We're enoughly delirious
You just need to enjoy this moment, baby
We'll have each other in the end

Becoming so strong
That I can't handle, your desire
I'm falling for it
Oh, just to get you
Very slowly, very slowly
The emotions that are slowly suffocating you
Pulling me in even more
Just gotta slow it down and

Wait on me
Even if you want to hold me
Wait on me
No need to rush
Feelings that haven't been fully revealed
Those emotions are even more beautiful
Wait on me
Wait on me, baby

You already want me
I just want to enjoy this moment
In the end, you'll swallow me whole
You get me what I want
Come put it down

Wait on me
Even if you want to hold me
Wait on me
No need to rush
Feelings that haven't been fully revealed
Those emotions are even more beautiful
Wait on me
Wait on me, baby
