

OG Luv Kush

Kaiit

No reply, heard nothing at all
All there was left was wee crumbs in the drawer (crumbs in the drawer)
The smoke through the lungs
I smile for the money, yes, I'm here for the stone, uh
I'm gettin' lost in this LP
Keep forgettin' it wasn't your photo
All me
So sick of these dry seasons (Seasons)
Where we ain't even speakin'
The months where we wouldn't even speak
Block each other up whatever within
Then we played an act like it was nothin'

So, take the bag, bring it home
Smoke it up, it's all home-grown
Best but while you're with me
The smoke cover my eyes to what was really
Goin' on, goin' on, goin' on
I always got that good shit for you, uh-huh
Goin' on, goin' on, goin' o-on
I'm growin' OG love kush, ah-wa-wa-wa

I can see, I'm much more happy
Without your petty bullshit in my L-I-F- (F-E)
My girls are by my side, y'all always tryna start it but it ends with a surp
rise
I've had enough of both of our cries
This make-up ain't even weather those lies
You'll see your mistakes in time
I've had enough of this, baby, I'll try
This make-up ain't even weather those lies
You'll see your mistakes in time, ba-ba-ba-ba

So, take the bag, bring it home
Smoke it up, it's all home-grown
Best but while you're with me
The smoke cover my eyes to what was really
Goin' on, goin' on, goin' on
Always got that good shit for you, uh-huh
Goin' on, goin' on, goin' o-on
I'm growin' OG love kush, ah-do-do-do-do, do, do, do, do

Goin' on, goin' on, goin' on
Always got that good shit for you (Good shit for you)
Goin' on, goin' on, goin' on
Growin' OG love kush for you (Good, good)
Goin' on, goin' on, goin' on
Always got that good shit for you (Always got that good shit for you, good s
hit for you)
Goin' on, goin' on, goin' on
Always got that- "yeah, the talkbox would sound cool like this-"
Goin' on, goin' on, goin' on
"Then talkbox-" Always got that good shit for you-woo-woo, mm, uh
Goin' on, goin' on, goin' on
Always got that good shit for you-woo-woo
"Yeah, something like that"
Growin' OG love kush for you-woo-ooh-ooh-ooh-ooh
