

Dying To Live

Kailee Morgue

What's there to address?
I've been looking like a mess
Could you take me as I am?
I've been down I've been stressed
Lately, I couldn't care less
If I'm making any progress

But somethings got to, got to give
Cause I'm dying, dying, dying, dying just to live

I'm all alone and I still
I just can't get it off my mind
Don't think I'll let it go
I guess that I won't even try
To win you back
I'm all alone and I still
Things could change
I just can't get it off my mind
Find a way
Don't think I'll let it go
Take my hand
I guess that I won't even try

Been lighter on my feet
Just in case I've got to leave
Indecisive tendencies
And it's hard to be discrete
Show my insecurities
Just to make a living

But somethings got to, got to give
Cause I'm dying, dying, dying, dying just to live

I'm all alone and I still
I just can't get it off my mind
Don't think I'll let it go
I guess that I won't even try
To win you back
I'm all alone and I still
Things could change
I just can't get it off my mind
Find a way
Don't think I'll let it go
Take my hand
I guess that I won't even try

I love the moment,
I want to feel the sun
I don't want to cry
I want to fly
I want to love someone

Win you back
I'm all alone and I still
Things could change
I just can't get it off my mind
Find a way

Don't think I'll let it go
Take my hand
I guess that I won't even try
To win you back
I'm all alone and I still
Things could change
I just can't get it off my mind
Find a way
Don't think I'll let it go
Take my hand
I guess that I won't even try
