

# Queen Bitch

Kailee Morgue

I want my cake  
I want it on a silver plate  
If the world wants you to pay  
Sign a check for a royalty rate

How easy life would be  
If I was only 17  
They'd tell me I don't have a clue  
But now I'm 23 and I'm old news

I'm the prettiest nuisance that you've ever seen  
Too much of a shit show for magazines  
It's my party, deal with it  
Cause I'm queen bitch  
I'm the sweetest nightmare that you've ever had  
I can be selfish but what's wrong with that  
It's my life, it's my shit  
And I'm queen bitch

Dress me up in pink  
Make my pain look luxury  
Put a price on a tragedy  
Now you're a real celebrity

How easy life would be  
If I was only 17  
They'd tell me I don't have a clue  
But now I'm 23 and I'm old news

I'm the prettiest nuisance that you've ever seen  
Too much of a shit show for magazines  
It's my party, deal with it  
Cause I'm queen bitch  
I'm the sweetest nightmare that you've ever had  
I can be selfish but what's wrong with that  
It's my life, it's my shit  
And I'm queen bitch

I can't be the girl on your TV  
The next girl in line will take the crown right from me

I'm the prettiest nuisance that you've ever seen  
Too much of a shit show for magazines  
It's my party, deal with it  
Cause I'm queen bitch  
I'm the sweetest nightmare that you've ever had  
I can be selfish but what's wrong with that  
It's my life, it's my shit  
And I'm queen bitch
