

# Feeling Alright

Kaiser Chiefs

Phone is dead for work again  
I want to see you there  
Feel you there for me  
I know we're going out in style

We take our places in a line  
And when the lights go down  
The city's mine  
I got this

Feeling alright  
I'm yours and you're mine  
Feeling alright  
Don't be scared to fight  
Feeling alright  
I'm yours tonight  
Feeling alright  
Don't be scared to fight

No-one you've ever loved is ever dead no  
They're always in your head  
In your heart dancing  
I know I want to see them all tonight

We turn our back against the style  
We're always dancing, turning, spinning, my God!  
We got this

Feeling alright  
I'm yours and you're mine  
Feeling alright  
Don't be scared to fight  
Feeling alright  
I'm yours tonight  
Feeling alright  
Don't be scared to fight

Now we've got to dancing all night  
The rest is up to you  
Now we've got to dancing all night  
Got you dancing all night  
The rest is up to you

I'm so proud of this big ass crowd  
Singing real loud  
Now you know what to do

Feeling alright  
I'm yours and you're mine  
Feeling alright  
Don't be scared to fight  
Feeling alright  
I'm yours tonight  
Feeling alright  
Don't be scared to fight
