

Misery Company

Kaiser Chiefs

It's hard to believe that I smile in my sleep,
'Cause everyone leaves me,
I'm so hard to keep company,
In Misery Company

Most people don't mention the stripes on my sleeve,
Though I liked attention,
I just want to live quietly
In Misery Company

The weight of the world is in our hands, right
Straight as my oath that I live by
Don't even know what we're fighting for

Oh, what a cutie, here comes Officer Dave
Reporting for duty, a cut and a shave,
Number 3
For misery company

Our wonderful training kept us off the front line
Stops the kill, entertaining
Drops the bill everytime
Naturally, we're Misery Company

The weight of the world is in our hands, right
Straight as my oath that I live by
Don't even know what we're fighting for
