

## Shouldn't Do That

Kajagoogo

There is a time for everyone  
But this ain't the time or the place  
When will you see what you're doing to me  
My tear stains are easy to trace

Shouldn't do that, you shouldn't do that now baby  
Shouldn't do that, did nobody ever tell you that you  
Shouldn't do that, shouldn't go that now darlin'  
Shouldn't do that, did nobody ever tell you not to

Something's ain't worth the worry  
When you fight for them hand over tooth  
You've got one hell of a lesson coming  
'Cause I'm gonna teach you the truth

Shouldn't do that, you shouldn't do that now baby  
Shouldn't do that, did nobody ever tell you that you  
Shouldn't do that, shouldn't go that now darlin'  
Shouldn't do that, did nobody ever tell you not to

There is a time for most things honey  
Something's are easy to see  
Something's are better forgotten  
Like you sure made a fool out of me

Shouldn't do that, you shouldn't do that now baby  
Shouldn't do that, did nobody ever tell you that you  
Shouldn't do that, shouldn't go that now darlin'  
Shouldn't do that, did nobody ever tell you not to
