Kakkmaddafakka

Yo-ho-ho  
I just can't believe there was a boy  
When I rejected you  
I must have been blind and on drugs  
And stupid too  
And now I fuller regret  
When I hear the news  
I feel sad and lonely and strange  
For me green, red, purple and blue

'Cause I changed my mind  
I changed my mind  
Yo-ho-ho

I just can't believe when we went for  
A week-end for two  
48 hours, only you  
Back in the city  
You were clutching my arm and made me dump you  
Now I'm clutching myself  
Now I am lonely as well  
And I miss you

'Cause I changed my mind  
I changed my mind  
Yo-ho-ho  
I changed my mind  
I changed my mind

God only knows  
God only knows  
God only knows  
God only knows  
God only knows that I want you back  
God only knows  
God only knows that I want you back  
God only knows

'Cause I changed my mind  
I changed my mind  
Yo-ho-ho  
I changed my mind  
I changed my mind  
Yo-ho-ho
