

# Fool

The picture was different 10 months ago  
You went all quiet and your silence has been killing me slow  
And I've been working all days to keep my mind occupied  
Today I heard from you and you made my heart go wild

Ohh, fool me again  
Ohhh, you make me

Meet at the blue stone came late an hour  
And back at your place, back in the shower  
And there is no need for work  
Open the window that doesn't you  
'Cause it's you and me  
Humanity

Ohh, fool me again  
Ohh, you make me make return  
Ohh, fool me again  
Ohh, you make me make return

A several time you didn't keep your words  
And everything I told myself  
I was never gonna do it again  
I was never gonna do it again  
But then I find myself making out

I'm a fool and I'm doing it  
I'm doing it again  
I'm doing it again  
I'm doing it again  
Again, again, again, again

I'm doing it again  
I'm doing it again  
I'm doing it again  
Again, again, again, again  
I'm doing it again  
Again

Ohh, fool me again  
Ohh, you make me make return  
Ohh, fool me again  
Ohh, you make me make return
