

## Good Guy

Kakkmaddafakka

You'd see a different view  
If we just talk it through  
But it's a puzzling war  
We've been here before

You didn't see me then  
Why would you hear me now?  
Your monologue was long  
Telling me I was wrong  
Telling me I was wrong

It's so hard to see  
That the problem could be me  
God knows that I try  
To be a good guy  
To be a good guy  
To be a good guy

You say you wish me well  
Well, it's hard to tell  
Feels like another spell  
Every time you yell  
Every time you yell  
Why don't you go to hell?

It's so hard to see  
That the problem could be me  
God knows that I try  
To be a good guy  
To be a good guy  
To be a good guy

It's so hard to see  
That the problem could be me  
God knows that I try  
To be a good guy  
God knows that I try  
To be a good guy  
To be a good guy  
To be a good guy
