

No Cure

Kakkmaddafakka

Black hole, deep end, no cure
Black hole, deep end, no cure

Give it a week or two
By now you should know exactly what not to do
Don't flirt, don't try to be cute
Don't dream, it will never come true

'Cause you don't want to fall in love
You've been down that winding road long before
No, you don't want to fall in love
Black hole, deep end, no cure

Hold back don't speak the truth
You know you're not the only one
You are nothing for a lotta fun
It always ends up the same
Don't lie, you are waitin' in vein

Baby baby don't let this be the end
Go ahead, you deserve one more weekend
And forget, forget, forget
When the Monday morning comes
You haven't forgotten yet

Cause you don't want to fall in love
You've been down that winding road long before
No, you don't want to fall in love
Black hole, deep end, no cure

Never gonna go to that again
Never feeling broken hearted again
Oh no
Never gonna go to that again
Never feeling broken hearted again
Oh never

So you're not gonna fall in love
You've been down that winding road long before
Don't want to fall in love

Black hole, deep end, no cure
Black hole, deep end, no cure
Black hole, deep end, no cure
Black hole, deep end, no cure
Don't wanna fall in love
Black hole, deep end, no cure
Black hole, deep end, no cure
Don't wanna fall in love
Black hole, deep end, no cure
