

# Sin

## Kakkmaddafakka

(Skrr)  
They've been breaching my freedom  
They point invisible guns  
Humble to whatever they told me  
Humble to The Almighty One  
Got me moving backwards most of the time  
Mallets ringin' all over town  
Conflicted by the one I'm noddin' behind  
Pulled between the truth and judging eyes

It's not a sin  
I hear the Devil's callin'  
It's not a sin  
I hear the Devil's callin'  
Meeee  
He's callin'  
Meeee  
He's callin'  
Meeee

Why do I feel so alone in the back of the bar  
Sippin' beer out a jar in room full of people that mean me no harm  
The ocean feels calm  
When it's only me and her around  
Around, mallets over town  
Children cryin'  
People dyin'  
But my country told me  
Put your head down, baby boy  
Baby, put your head down, baby boy

It's not a sin  
I hear the Devil's callin'  
It's not a sin  
I hear the Devil's callin'  
Meeee  
He's callin'  
Meeee  
He's callin'  
Meeee

(He's calling)  
(He's calling)

It's not a sin  
I hear the Devil's callin'  
It's not a sin  
I hear the Devil's callin'  
Meeee  
He's callin'  
Meeee  
He's callin'  
Meeee
