

Sixth Gear

Kakkmaddafakka

Riding fast in sixth gear
I'm gonna show you how to fight for a year
Riding fast in sixth gear
I'm gonna show you how to fight for a year

You've been around since summer
Here comes spring with flowers and bloom
And I've been working undercover
Hiding my feelings for you
The way you look me in the eye
Oh I can't hide it no more
I put it all on the line

Can't stand still when I'm with you
I wanna dance in the dark with you
Threw the night like super glue
Couldn't part if we wanted to
Ahh dancing in the dark with you
Ahh love passing through

Your soft body next to mine
I think about it all of the time
You're the one track stuck on my mind
Every second without you is a crime
Your soft body next to mine
I think about it all of the time
You're the one track stuck on my mind

Can't stand still when I'm with you
I wanna dance in the dark with you
Threw the night like super glue
Couldn't part if we wanted to
Ahh dancing in the dark with you
Ahh love passing through

Ooh
Ooh yeah
Ooh
Ooh yeah
Ooh
Ooh yeah
Ooh

We're going fast in sixth gear
Might crash and burn but I don't care
Can't stand still when I'm with you
I wanna dance in the dark with you
Threw the night like super glue
Couldn't part if we wanted to
Ahh dancing in the dark with you
Ahh love passing through
