

## Summer Melancholy

Kakkmaddafakka

Last night I was so certain of you  
I knew we'd make it last

Changes come fast and slow  
My life is upside down, it was just a week ago  
And I know we were on a break, break, break  
Used the time to make, make, make  
A strange new reality, forgetfully  
Summer melancholy  
Oh, melancholy  
Summer melancholy  
Oh, melancholy

Leader, that betrays of you  
Hope to never see you around  
Illusion shattered, I ignite on the ground  
I'm an ocean of dark blue  
And you push me in  
Couldn't you have waited 'til November?  
I want a summer to remember  
But you know

Changes come fast and slow  
My life is upside down  
It was just a week ago  
And I know we were on a break, break, break  
Used the time to make, make, make  
A strange new reality, collectively  
Summer melancholy  
Oh, melancholy  
Summer melancholy  
Oh, melancholy
