

Feed Us Some

Kaleida

Be that soul
Be that soul
And be that soul
When you hit that low

Feed us some
Feed us some
When you all alone

When I'm gonna get my call and go
It's easy to see what I know
When I'm gonna get my TV show?
In pieces and beat up and beat down and lord, oh

Be that soul
Be that soul
When you hit that low
When you hit that low

Feed us some
Feed us some
When you all alone
And you're too far gone

Be that soul
When you hit that low

When I'm gonna get my call and go
It's easy to see when I know
When I'm gonna get my TV show?
In pieces and beat up and beat down and lord, oh

Be that soul
Be that soul
When you hit that low
When you hit that low

Feed us some
Feed us some
When you all alone
(When you all alone)

When you hit that low
When you hit that low
And you're too far gone
When you hit that low

When you all alone
And you're too far gone

Feed us some
When you all alone
(And you're too far gone)
Feed us some
When you hit that low
(When you hit that low)

And be that soul
(Be that soul)
(When you hit that low)

And feed us some
(Feed us some)
When you hit that low
