

Say, say our freedom  
Chains are undone  
Pieces we weave  
Are one

Say, say I'll hunger  
Pray I'll know  
Peace  
Untold

Cause it gon' be brief  
It gon' be gone  
We gon' be bleeding into the ground  
Don't need no dream  
Or innocence  
Turning the wheel around

Mmm so it goes  
Time walks alone  
So don't tell me when I'm gone  
Mmm now we know  
That love come and go  
But you never walk alone

Stay, stay and live on  
Courage your heart  
Changes  
We weave apart

Graves, graves are living  
Rivers are spun  
Grace be won

Cause it gon' be grief  
It gon' be hard  
We gon' be heartache until we part  
Don't need no dream  
Or innocence  
Turning the wheel around

Mmm so it goes  
Time walks alone  
So don't tell me when I'm gone  
Mmm now we know  
That love come and go  
But you never walk alone
