Stranger

Kaleida

Oh lord, don't let me out, don't let me be no stranger
I am no prisoner I know there is no danger
Oh lord, don't let me out, don't let me be no stranger
I am no prisoner I know there is no danger

Oh, when you came into this world
You were a lonely mixed up girl
You know you gotta go so low
Don't listen what they told
You gotta follow your own road
Don't leave her hanging all alone

Oh lord, don't let me out, don't let me be no stranger
I am no prisoner I know there is no danger
Oh lord, don't let me out, don't let me live in anger
I am no prisoner I stay for the remainder

There was a time I had so other
I never knew no place called home
You know we gotta face the cold
Tell god nowhere to go
You know I'm hanging on 'til dawn
Oh lord, my time will surely come

Oh lord, don't let me out, don't let me be no stranger
I am no prisoner I know there is no danger
Oh lord, don't hold me down, don't let me live in anger
I am no prisoner I stay for the remainder
