

Fool

Kaleo

Oh yeah, come on
That's right

Buddy, you're cool
And you got your moment's worth
They say it takes two
Would you like to keep your word?
I ain't no fool
Not like them other looney toons
I'm messed up
Stop pulling my leg
You know I'm no looky, looky
Saying baby, baby come on
Hey baby, baby I need to know
Cause I got eyes on you
I got eyes on you baby
I got eyes on you
And I'm not the fool right here
I got eyes on you
(I got eyes on you)
I got eyes on you
(I got eyes on you)
I got eyes on you
And I'm not the fool right here

The joke is on you
You're down on your knees too soon
With nothing to lose
Yeah you make it look easy too
Cause daddy you're groovy
And you know I'm nothing bad, nothing bad
Oh babe I need another
Why do I need you so, why do I need you so bad?

Saying, baby, baby come on
Baby
Uh huh huh...
Oh yeah

Oh the love we got, come on
(Oh yeah)

(Ooh you gotta be cool)
(You gotta be cool)
(You gotta be cool)
(You gotta be cool baby)
(Baby you gotta be cool)
(Gotta be cool)
(Gotta be cool yeah)

I got eyes on you
I got eyes on you baby
I got eyes on you
And I'm not the fool right here
I got eyes on you
(I got eyes on you)
I got eyes on you

(I got eyes on you)
I got eyes on you
And I'm not the fool right here
Oh yeah
