

# I Want More

Kaleo

Homegrounds

Feels like the weight has been lifted away  
But if she leaves me there, I won't run  
Please pass it on, carry me down

All you need to know is I want more, more  
Looking for more  
I want more, more  
I want more

So light

Hold back the night, wait until it's right  
But then you fold your hand into mine  
Watch as the waves, fall back into place  
So, don't you leave me there wanting more

More, like before, more  
I want more, more  
I want more

Turn back, leave all you had  
Forgive, I'll forget  
'Cause what we need is what we once had  
Time won't stand still  
Just say you will  
Because I need you there

If you leap I'll come  
Falling too  
Running deep till that  
Rivers through  
I don't mind what you have to do  
I won't think less, less of you

Yes, I want more, more  
Looking for more  
I want more, more  
I want more

Old grounds

Feels like the weight has been lifted away  
So don't you leave me there wanting more
