

## Fall Apart,

Kali Uchis

Do you love me even when I get difficult?  
Do you love me even when I'm down and out?  
Do you love me even when I'm not prettiest?  
Do you love me for my mind, my soul, and heart?

I know you do, I know you do  
I know you do, yeah, I know you do  
We're in an eternal honeymoon  
'Cause you love me for my mind, my soul, and heart

I don't need nobody that's chasing  
Things they can replace when all's said and done  
Ooh, you know I love how you chase me  
Across constellations like shooting stars

I love that our love is so patient  
This love that I waited my whole life for  
I love when we go through the phases  
But what never changes is you by my side

I need you by my side  
It's you by my side  
I need you by my side  
Yeah, it's you by my side  
I need you by my side  
It's you by my side

This is Earth, you don't have to be perfect here

Yeah, you love me even when I get difficult  
'Cause you love me even when I'm down and out  
Yeah, you love me even when I'm not prettiest  
'Cause you love me for my mind, my soul, and heart

Yeah, you love me even when I get difficult  
Do you love me even when I fall apart?  
Yeah, you love me even when I'm not prettiest  
'Cause you love me for my mind, my soul, and heart

For my heart  
For my heart  
For my heart  
Do you, do you love me?  
Do you love me? Do you love me? Do you love me?  
Do you, do you love me?  
Do you love me? Do you love me? Do you love me?
