

# Fantasy

Kali Uchis

I wanna dance  
Throw my hands in the air  
I wanna dance  
Where no one really cares  
I wanna dance  
Throw my hands in the air

Love all  
On me

I wanna dance  
Throw my hands in the air  
I wanna dance  
Where no one really cares  
I wanna dance  
Throw my hands in the air  
I wanna dance  
Where no one really cares  
I wanna dance

Love all on me  
Spend it on me  
Babe, if you don't worship me  
It just don't work for me

Love all on me  
Everyone needs love  
Forget all the foolery  
Stay on me like jewelry

On my body  
Don't let go of me  
I just want the fantasy  
Love it when you worship me

Love all on me  
Spend it on me  
On me  
On me

Diamonds on my wrist  
That's my love language  
And kisses down my back  
Starting from my neck  
Leaning side to side  
Emptying my mind  
Loyal as they come  
I've been down to ride

When you feel alone  
I'll hold you down  
I belong to you  
Know you're all mine too  
Yes, we made mistakes  
Now can we make this right?

Hear me now

Let the sun come on down  
I feel your hand  
Let me make it right  
I'll do it all again  
Just to see your face

I'm really winning, living happily  
This here my fantasy  
I wanna start me a family  
Baby, tell me why you're mad at me?

I wanna dance  
Throw my hands in the air  
I wanna dance  
Where no one really cares  
I wanna dance  
Throw my hands in the air  
I wanna dance  
Where no one really cares

On my body  
Don't let go of me  
I just want the fantasy  
Love it when you worship me

Love all on me  
Spend it on me  
On me  
On-

That's it  
That's the end of the song  
Come on, baby, let's go home
