

## Flight 22

Kali Uchis

There's several exits on this aircraft in the event of an emergency

At this time, please fasten your seat belts, as we are preparing for take off. And welcome aboard Flight 22

Been a lot of places, seen a lot of faces, yeah

But nothing like you (you, you, you)

Oh, met you at the airport

Flight 22 (two, two, two)

I want you to have it all (ah, ah, ah, ah, ah)

I want you to have it all (ah, ah, ah, ah, ah)

I wonder if you really know

What I do for you to have it

I've had it with the waiting and hesitating

So pack all your bags, don't gotta ask where we're going to

Don't wanna be anywhere if it ain't with you

Nowhere in this world can compare, boy that's the truth

To wherever we're going on Flight 22

I know you've been patient, that's an understatement, yeah

But what can I do (do, do, do)

Oh, make myself look silly, hoping that you hear me

All my girls say that I'm acting a fool

Now touch me, kiss me, catch me, or miss me

Give it, take it, you can't mistake this

Let's get away from it all

So pack all your bags, don't gotta ask where we're going to

Don't wanna be anywhere if it ain't with you

No where in this world can compare, boy that's the truth

To wherever we're going on Flight 22

Take me all the way, Flight 22, baby

And baby we're not gonna make it

At least I'm going down with you

Our baggage might just be too full on Flight 22

Flight 22, Flight 22
