

# Moonlight

Kali Uchis

I just wanna get high with my lover  
Veo una muñeca cuando miro en el espejo  
Kiss, kiss  
Looking dolly, I think I may go out tonight  
I just wanna ride, get high in the moonlight  
I just wanna get high with my lover  
Veo una muñeca cuando miro en el espejo  
Kiss, kiss  
Looking dolly, I think I may go out tonight  
I just wanna ride, get high in the moonlight

Forget the small talk  
The surface level ain't much that I care for  
Putting on my lipgloss  
I saw you stare from my peripheral  
Yeah, baby, it's been a hell of a day  
But I know a place we can escape

Find out how it feels to let go of everything  
Be free  
When you're here with me

I just wanna get high with my lover  
Veo una muñeca cuando miro en el espejo  
Kiss, kiss  
Looking dolly, I think I may go out tonight  
I just wanna ride, get high in the moonlight  
I just wanna get high with my lover  
Veo una muñeca cuando miro en el espejo  
Kiss, kiss  
Looking dolly, I think I may go out tonight  
I just wanna ride, get high in the moonlight

There's nothing like peace of mind  
And you take the time to make sure that I'm okay  
I know I can put stress on your brain  
You still love me, put no one above me  
You always go out of your way  
To show me that I'm your priority

Find out how it feels to let go of everything  
Be free  
When you're here with me

I just wanna get high with my lover  
Veo una muñeca cuando miro en el espejo (I just wanna get high with my lover )  
Kiss, kiss  
Looking dolly, I think I may go out tonight  
I just wanna ride, get high in the moonlight  
I just wanna get high with my lover (Get high)  
Veo una muñeca cuando miro en el espejo (High with my lover)  
Kiss, kiss  
Looking dolly, I think I may go out tonight  
I just wanna ride, get high in the moonlight

Get high with you

Get higher and higher with you  
Let's go to the moon  
And leave behind all that  
How does it feel, here by my side getting higher and higher?  
Under the moonlight's glow  
There's nowhere we won't go  
Together go higher and higher  
(No-no-nowhere we won't go)
