

Moral Conscience

Kali Uchis

One thing about karma
That bitch will find you

When you're all alone
When you're all alone
You'll know you were wrong
You're gonna feel it
You're gonna feel it when you're all alone
When you're all alone
You'll know you were wrong
You're gonna feel it
You're gonna feel it when you're all alone

Maybe I'm just out my mind
Tryna figure out this life
I hate how good I could see right through you
Like Miami waters
Lost myself a while back
Tryna make peace with my past
I guess I was just looking for the love
No one showed me in my childhood

Well, I hope you feel it
I hope you find what you're looking for
Surrounding yourself with praise
But the truth sets in on those nights alone

And I can only scream
All these feelings I have about it

You're gonna feel it
You're gonna feel it when you're all alone
When you're all alone
You'll know you were wrong
You're gonna feel it
You're gonna feel it when you're all alone

Yeah, everyone's replaceable
But not me though
You'll feel it deep down whenever you're alone
You're living a lie if you're saying I'm wrong
Hope you're at least real with yourself
I hope you know when karma comes round
Knocking down on your door
She's coming to collect 'cause karma won't forget

When you're all alone
When you're all alone
You'll know you were wrong
You're gonna feel it
You're gonna feel it when you're all alone
When you're all alone
You'll know you were wrong
You're gonna feel it
You're gonna feel it when you're all alone
